County Program Profile: Mendocino

The QCC County Program Profile provides county data from the Common Data File (CDF) and the Annual Progress Report (APR). For counties that are a part of a consortium, the QCC County Program Profile provides a combined view of the CDF and APR. Both qualitative and quantitative data are presented to provide a local view of early learning and care climate.

Mendocino County does not currently have a Quality Rating and Improvement System (QRIS). We are actively working on Quality Improvement Plans (QIPs) to make strides in initiating a QRIS.
